FREW & CAMPBELL,

THE NEW YORK WOOL MARKET. Dull Tone-Offerings Increased - Manu facturers Shy of High Prices.

The market has not as yet fully recover ed from the influence of the holidays, and business show a pretty dull tone for the time being, with few really new features to advise. Offerings are increasing and the assortment full enough to permit of any ordinary selection, but buyers manifest very little solicitude, and negotiations, as rule, progress with the same slow tone to which we have before alluded. Manufacturers are all more or less interested in the new supplies seeking their attention, but do not feel the pressure of immediate out to not teet the pressure of immediate consumptive necessities, and are, therefore, disposed to take matters slowly for the chances of a better selection and a smaller cost. This, however, holders of the stocks say is not likely to be given, and beyond the modification of some extreme views concessions are refused. The accumulations are increasing and contain umulations are increasing and contain ome very good lots of Ohio, Michigan and Wisconsin wools, which will, no doubt, receive due attention when properly sorted

Messrs. Coates Brothers, Philadelphia, report as follows: "Washed fleeces have but lately come forward and are yet in only moderate supply. Unwashed wools are now abundant and buyers are holding off on them. Combing wools have been comparatively neglected and have brought bu. little more than clothing of same grades. Tub washed and pulled wools are closely sold up and are in demand at full prices. Northern Territory wools are hardly yet in market, but are enquired for. Colorado and New Mexican wools have been arriving more freely and have met with quick sale at full quotations; the loreign competing goods are now relatively cheaper, but until Colorado becomes more plenty it will be in good request, as for some purposes the foreign wool cannot be well substituted."

Listing to Hones. Messrs. Coates Brothers, Philadelphia ORDER, in Latest Skyles and at Lowest Prices.

BETHESDA WATER.

Dunbar's Wonderful Discovery,

Dunbay's Wonderful Bisovery,
Optice of Holdbock, Richmond & Co.,
Manypes of Carper Warps and Twines,
South Adams, Mass., December 20, 1867.
Col., Richard Dunbard.—Dear Sir.: I not only take pleasure, but feel it a duty to leatify in behalf of Bethesda Spring Water, as my cure may give confidence to many in this section afflicted with kidney diseases who have known my situation.

section afflicted with kidney diseases who have known my situation.

I have suffered for more than a year from what is known as Saccharine Diabetes, and for its cure tried almost everything I could hear of. Was finally induced by Dr. G. tt. Bennet, of Brookiyn, N. Y., to try Bethesda Water. I immed ataly started for the spring at. Waukesla, Wis., and bogan the systematic use of the water under your direction, with the prescribed diet, to my great rollef; began to improve immediately; in two days the great thirst and foul mouth from which I had suffered so long had disappeared; also began to gain in itesh; the first week I gained 1¼ pound per day. Am still under treatment, gain in flesh; the first week I gained 134
pound per day. Am still under treatment,
and feel that I am on the high road to health.
Thanking you, Colonel, for your kindness
while under treatman; People should beware of spurious water sold as Bethesda, for
the genuine has the merit claimed for it, as I
know by my own experience.
Your obedient servant,
W. H. Richmons.
